INDEPENDENT AND PROGRESSIVE

Baldwin ConSurvey Company, publishers of this directory and the world's largest independent publishers of city directories, is in no way connected with any national association, combination or directory "trust." Its policies are laid down with a view to serving the individual directory subscriber and the general public. It is a progressive company, constantly on the alert to improve its service.

The ABCD type of ConSurvey directory was originated by Robert Morton Baldwin and Heber Page. While many publishers have been content to rest on their laurels, issuing the same type of directory used thirty years ago, the Baldwin organization has led the way to the production of an up-to-date Con-Survey directory to meet modern selling and credit conditions.

Newspapers, chambers of commerce, merchants associations and individual business concerns are invited to write for particulars concerning this type of directory service. In the future, as in the past, Baldwin ConSurvey directories will stand for the highest ideals in public service.

Introduction

BALDWIN CONSURVEY COMPANY, publishers of your city directory, take pleasure in presenting the new edition to the general public. A large force of trained enumerators and solicitors worked diligently in the preparation of this volume and we are confident that the result is an authentic and useful directory.

We have faith in the continued growth of your city and we believe that our directory will take its place as one of the vital instruments for the advancement of the community. Subsequent editions will be issued promptly and regularly.

This volume is an example of the ABCD type of city directory as originated and developed by Robert Morton Baldwin and Heber Page. In the modern business world with its greatly changed sales and credit systems the old type of directory has become completely obsolete. In adapting the directory to modern conditions the Baldwin ConSurvey organization is the pioneer. The excellent directory which your city now has is the result of the progressive spirit of this company and its accurate interpretation of modern business requirements.

FIVE DIVISIONS OF THE BOOK

The principal divisions of the Baldwin ConSurvey Directory contain the following information:

1. THE MISCELLANEOUS DIRECTORY contains a great deal of useful information concerning the Civic Development of the Local Communities.
2. THE BUYERS' GUIDE, CIVIC SECTION and CLASSIFIED BUSINESS DIRECTORY contains display information concerning the leading business firms of the city, announcements of churches, clubs, lodges, associations and schools, and the names of all business firms, professional people and non-profit organizations, properly classified, with the names of distributors of national brands of merchandise.
3. THE NUMERICAL TELEPHONE DIRECTORY contains telephone numbers arranged in numerical sequence.
4. THE HOUSEHOLDERS' DIRECTORY AND STREET TELEPHONE GUIDE contains a complete directory of streets and avenues, properly located, gives the names of all householders arranged as they come upon the streets and avenues, indicates ownership of property, and gives the telephone number of each house.
5. THE RESIDENT DIRECTORY AND COSMOPOLITAN TELEPHONE DIRECTORY contains most of the data concerning the individual. The wife's name is given in parentheses, and the number of dependents under 16 is shown as well as the ownership of homes. This is followed by position, place of employment, home address and most convenient telephone numbers.

THE SUPPLEMENT EDITION

Besides issuing a complete and authentic directory for the use of business firms, Baldwin ConSurvey Company has established a guaranteed home circulation thru its supplement edition which is delivered to the homes. Every advertisement which appears in a Baldwin ConSurvey Directory appears also in the supplement.

...Preface...

Hugo, Oklahoma

PREPARED BY HUGO, CHAMBER OF COMMERCE
TONY WORTHAM, President
W. E. ANSLEY, Secretary-Manager

Hugo, Oklahoma, has a population of approximately 7,000, is the county seat of Choctaw county. Creosoting plant, iron works, steel school bus bodies, peanut plant, saw mill, creamery and butter, ice cream plants and row boat plant. Terminal for the Frisco. Goodland Indian School, established 80 years ago. Scene of Annual Cavalcade of Indian Territory. This is a pantomime pageant, depicting the trials and heartaches of the Choctaw Indians after being evacuated from their Mississippi homes. The meeting of the great Pushmataha and Tecumseh, leaders of the Choctaws and Chickasaws takes place.

Old Rose Hill, as the Robert M. Jones estate was known, established prior to Civil War and was reputed to

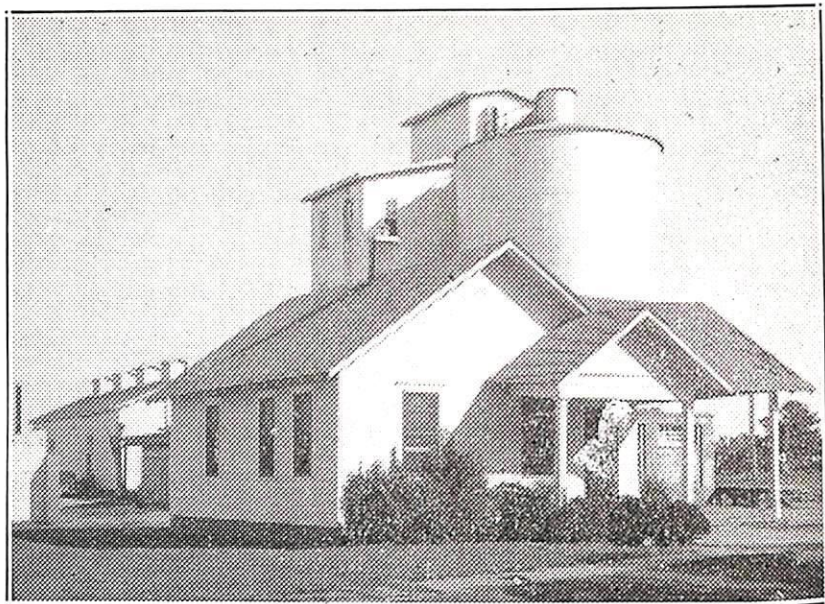

have been one of the largest slave-owning estates west of the Mississippi. Fort Towson, established in 1824 by the Federal Government, was built to handle the transfer of the Indians, with some of the walls still standing.

Hugo is the hub of southeastern Oklahoma, ideally located for stock raising and is fast becoming one of the biggest stock raising counties in the State. Choctaw county has a population of 30,000 people, one of the few counties in the state to show an increase in the 1940 census.

Average precipitation is 44.80—Altitude, 605—Average temperature, 64.1—Average maximum temperature is 75.1—Average minimum temperature is 52.1—Highest temperature, 109 and lowest 3 below zero.

culture. It is situated ideally for industry, large and small. Has a railroad service running east, west, north and south. Motor freight lines and motor passenger transportation radiate in the four directions.

Hugo has more paved streets than any other city its size in the state.

there are thousands of men who are looking for a location where there are better conditions and it would pay you to invest in the opportunity offered. We hope to meet you in Hugo and will be glad to give you any other information you desire about this part of Oklahoma.

Resident Directory

AND

Cosmopolitan Telephone Directory

1940

Containing the full name, husband's or wife's name, number of children under 16, designation of home ownership, position and employer, home address and telephone number of all persons over 16 years of age.

The publishers wish to express their appreciation to the business and professional establishments of the city for the splendid co-operation and valuable assistance given in the preparation of this volume.

A list of abbreviations used in this City Directory will be found on page 4 and a general index on page 3. The information herein contained was taken by trained enumerators in a house-to-house canvass of the city and adjacent territory and checked with material supplied by employers. The publishers offer it as the most reliable information available but do not assume any responsibility for errors.

For Exact Population of the City see Page 2

COPYRIGHT 1940 BY ROBERT MORTON BALDWIN

Explanation

All persons over 16 years of age living in the community are listed.

The wife's name is shown in parentheses after the husband's as follows: Smith Robt R (Mary L).

The number of children under sixteen years of age is shown after the wife's name as follows: Smith Robt R (Mary L) 3.

In the resident directory home ownership is designated by \textcircled{H} as follows: Smith Robt R (Mary L) 3 \textcircled{H} . Renters are shown by the omission of the \textcircled{H} .

In the householders' directory ownership is shown by the same designation as follows: 210 Smith R R \textcircled{H} .

In the case of a natural widow this fact is shown with the name of the deceased husband in parentheses, whenever possible, as follows: Smith Mary L (wid Robt R).

The occupation and place of employment are shown as follows: Smith Robt R (Mary L) clk Hub Clo Co.

The residence of each person is shown by "h" denoting householder or head of a family and by "r" denoting other persons in the home. Only one person in each home is listed with an "h". Therefore, a circular mailed to each householder marked "h" will reach every home in the city.

Married women engaged in some responsible occupation are listed individually in addition to their regular listing with the husband as follows: Smith Mary L (Mrs Robt R) bkpr Hub Clo Co r 210 Main.

The words street and avenue are understood.

In some cases the designation (oc) is used to denote persons living outside the city limits. Persons living outside the city limits and receiving their mail in the country are marked RD.

Colored persons are shown by \textcircled{C} . The publishers are very careful in using this designation but do not assume any responsibility in case of error.

Telephone numbers are designated in the resident directory at the end of the line with the designation Δ as follows: Smith Robt R (Mary L) 3 \textcircled{H} clk Hub Clo Co h 210 Main Δ 498. If the telephone is in the place of employment it appears B Δ 498.

In the householders' directory the telephone number of each house is given at the end of the line as follows: 210 Smith R R \textcircled{H} — Δ 498. In this division of the book each street is listed alphabetically and each house on the street is listed according to number. All street intersections are shown at the proper places with the names of the cross streets. In case there is no telephone shown the nearest telephone on the street may be found.

In the numerical telephone directory the telephone numbers are listed in numerical order.

In the business directory and buyers' guide the various business and professional firms are arranged according to their line of business and merchandise sold. Nationally advertised brands are designated with a \star . For example, under the heading automobiles will be found the following classification: \star FORD—Jones Mtr Co 110 Elm. The buyers' guide carries the printed message of the city's leading business and professional firms.

This directory contains all the regular departments of the modern city directory and many features used by no other publisher. It shows the exact population of the city and environs at the present time.

ROBERT MORTON BALDWIN.
