WARNING: The Penal Law of the State of Oklahoma provides that "any person who shall willfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency" or "any person who shall ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor." The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

EXCHANGE RATES PER MONTH

Within the Base Rate Area

BUSINESS . . .

RESIDENCE . . .
 Individual Line \$3.80. 2-Party Line \$3.20. Extension Telephone \$1.15.

TO ADD VALUE TO YOUR TELEPHONE SERVICE

ANSWER PROMPTLY . . .
 When your telephone rings, answer promptly. A delay may cause you to miss an important call.

IDENTIFY YOURSELF . . .
 When you answer, identify yourself immediately with some such phrase as "1732" or "Smith Department Store." Answering in this manner eliminates needless questioning . . . saves time.

WAIT A MINUTE . . .
 When you place a call, give the called party time to get to his telephone from another part of the house, or even from the yard. Wait . . . about a minute.

SPEAK DISTINCTLY . . .
 Talk directly to the telephone. Your lips should be about half an inch from the mouthpiece. Use a natural, pleasant voice. Don't whisper. Don't shout.

RECORDING OF TELEPHONE CALLS

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

Rates quoted do not include U. S. and state sales tax which are computed as follows:
 U. S. Tax: 10% of the total of all calls.
 (This tax is computed to the nearest multiple of 5c on each call from a coin telephone.)
 State Sales Tax: 2% on calls to points within the state where applicable.

FACTS ABOUT LONG DISTANCE SERVICE

To assist you in choosing the service to use

STATION-TO-STATION CALLS

The rates are lower on these

On the lower-priced station-to-station call, you talk to anyone who answers at the number called. To make a station-to-station call:

Call "Long Distance." Give her the name of the town to which you want to talk, and the telephone number, if you know it. For example, say "Little Rock, Arkansas, FRanklin 2-1701," or "Little Rock, Arkansas, Mr. John Ford's residence at 197 Court Avenue."

Be sure **not** to specify any particular person, or the number or location of any private branch exchange station (such as Room 711, Hotel Excelsior, or Shipping Department). Such calls take the higher person-to-person rate.

Facts About Station-to-Station Calls

1. Rates are lower than on person-to-person calls except on some collect calls where the rate is 25c or less. See rate table on inside front cover of this directory.
2. They are usually more quickly completed than person-to-person calls.
3. Generally the initial period of conversation without additional charge is three minutes; on some calls to nearby points the initial period is five minutes.
4. The call is timed from the moment the called telephone is answered.

COLLECT CALLS . . .

You may reverse charges; that is, have them billed to the called telephone. Simply tell the operator you want to call collect. If the called party agrees to pay the charges, they will be billed to his telephone.

PERSON-TO-PERSON CALLS

You talk to a particular person

On person-to-person calls, you call for a particular person, or a particular extension, such as "Room 711, Hotel Excelsior." This service assures you getting to talk to the person you want. To make a person-to-person call:

Call "Long Distance." Give her the town, the telephone number or address, and the name of the person or department you want. For example, say "Little Rock, Arkansas, FRanklin 2-1701, Mr. John Ford," or "Little Rock, Arkansas, FRanklin 2-1701, Extension 711."

Facts About Person-to-Person Calls

1. Charges begin when you start talking with the called person or with anyone at a called extension telephone.
2. All initial periods are for three minutes. The rate for person-to-person calls is somewhat higher than for station-to-station calls.
3. We will make repeated attempts on the same or a later day to reach the person with whom you want to talk, at different telephones or even in different towns. No additional charge is made for this service.

FOR FASTER SERVICE . . . CALL BY NUMBER . . .

If you know the number of the distant telephone, give it to Long Distance. It will speed your call.

WARNING: The Penal Law of the State of Oklahoma provides that "any person who shall wilfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency" or "any person who shall ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor." The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

RECORDING OF TELEPHONE CALLS

If you hear a short "beep" tone on your telephone about every 15 seconds, it means the the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

HOW TO USE A DIAL TELEPHONE

LO=Lowell

OBTAIN CORRECT NUMBER FROM DIRECTORY

Most telephone numbers are in the directory. In fact, three out of every four calls to the information operators are for calls listed in the directory. Needless calls to information waste your time; it means two calls instead of one. It also ties up the trunks to Hugo.

For numbers not listed in the directory Dial "Operator" and ask for "Information."

REMOVE THE RECEIVER AND LISTEN FOR DIAL TONE

Be sure to listen for the steady hum of dial tone before dialing; otherwise you may get a wrong number or no number at all. If you do not hear the dial tone immediately, please wait for it, as the dial tone is a signal that indicates the equipment is ready to handle your call.

DIAL THE NUMBER

Dial the first two letters of the central office name and then each of the numerals in the telephone number you wish to call, permitting the dial to return without interference. If the return of the dial is slowed or speeded up, it may result in a wrong number.

LISTEN FOR RING OR BUSY LINE

Shortly after you have completed dialing, the telephone you are calling will begin to ring, unless the line is busy. The "ringing signal" will be heard in the receiver as burr . . . burr . . . burr. If the line is in use, you will hear the "Busy Signal" as a buzz-buzz-buzz sound.

TO CALL ANOTHER PARTY ON YOUR LINE

1. To call another number on your line ALWAYS DIAL THE LISTED NUMBER.
2. When you hear the busy signal (buzz-buzz), hang up. Both your telephone and the other parties will ring.
3. When your bell stops ringing, your party has answered. Pick up the receiver and begin your conversation. If the other party does not answer, your bell will continue to ring. To stop it, lift your receiver for a few seconds, then hang up again.
4. All party line customers will be furnished a card giving the telephone number of other parties on your line. If these numbers are changed you will be advised.

TELEPHONE NUMBER PREFIX

The telephone number prefix in Boswell is "Lowell". For the sake of brevity this is abbreviated as "LO" in directory listings.

LONG DISTANCE CALLS

Because of "Operator Toll Dialing" it is essential that the complete telephone number, including the name prefix and all figures, be used in making or receiving long distance calls. If possible notify all persons who may call you to give their operator your complete number. Long Distance calls go through faster — often twice as fast — if you give the number of the distant telephone.

STATION-TO-STATION CALLS

When you talk with anyone who answers at an individual line or party-line telephone or private switchboard.

Station-To-Station Calls To Other Cities are placed by dialing "0" and telling the operator who answers, the city or town you want, the out-of-town telephone number, if you have it, or the name and address under which it is listed.

PERSON-TO-PERSON CALLS

When you want to reach a particular person, or a particular extension telephone or department connected through a private switchboard.

Person-To-Person Calls Are placed by dialing "0" and telling the operator who answers, the city or town, the out-of-town telephone number under which it is listed, and the name of the person, the extension telephone number or department you want.

COLLECT CALLS

Upon request, the charges on calls to most points within the continental United States, Alaska, Canada and to certain overseas points; may be collected at the called station.

WARNING: The Penal Law of the State of Oklahoma provides that "any person who shall wilfully refuse to yield or surrender the use of a party line to another person for the purpose of permitting such other person to report a fire or summon police, medical or other aid in case of emergency" or "any person who shall ask for or request the use of a party line on pretext that an emergency exists knowing that no emergency in fact exists, shall be deemed guilty of a misdemeanor." The law defines an "emergency" as "a situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

RECORDING OF TELEPHONE CALLS

If you hear a short "beep" tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without this signal is unlawful. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the "beep" tone.

HOW TO USE A DIAL TELEPHONE

OBTAIN CORRECT NUMBER FROM DIRECTORY

Most telephone numbers are in the directory. In fact, three out of every four calls to the information operators are for calls listed in the directory. Needless calls to information waste your time; it means two calls instead of one. It also ties up the trunks to Hugo.

For numbers not listed in the directory Dial "Operator" and ask for "Information."

REMOVE THE RECEIVER AND LISTEN FOR DIAL TONE

Be sure to listen for the steady hum of dial tone before dialing; otherwise you may get a wrong number or no number at all. If you do not hear the dial tone immediately, please wait for it, as the dial tone is a signal that indicates the equipment is ready to handle your call.

TO CALL ANOTHER PARTY ON YOUR LINE

1. To call another number on your line ALWAYS DIAL THE LISTED NUMBER.
2. When you hear the busy signal (buzz-buzz), hang up. Both your telephone and the other parties will ring.
3. When your bell stops ringing, your party has answered. Pick up the receiver and begin your conversation. If the other party does not answer, your bell will continue to ring. To stop it, lift your receiver for a few seconds, then hang up again.
4. All party line customers will be furnished a card giving the telephone number of other parties on your line. If these numbers are changed you will be advised.

TELEPHONE NUMBER PREFIX

The telephone number prefix in Ft. Towson is "TRinity". For the sake of brevity this is abbreviated as "TR" in directory listings.

LONG DISTANCE CALLS

Because of "Operator Toll Dialing" it is essential that the complete telephone number, including the name prefix and all figures, be used in making or receiving long distance calls. If possible notify all persons who may call you to give their operator your complete number. Long Distance calls go through faster — often twice as fast — if you give the number of the distant telephone.

STATION-TO-STATION CALLS

When you talk with anyone who answers at an individual line or party-line telephone or private switchboard.

Station-To-Station Calls To Other Cities are placed by dialing "O" and telling the operator who answers, the city or town you want, the out-of-town telephone number, if you have it, or the name and address under which it is listed.

COLLECT CALLS

Upon request, the charges on calls to most points within the continental United States, Alaska, Canada and to certain overseas points; may be collected at the called station.

DIAL THE NUMBER

Dial the first two letters of the central office name and then each of the numerals in the telephone number you wish to call, permitting the dial to return without interference. If the return of the dial is slowed or speeded up, it may result in a wrong number.

LISTEN FOR RING OR BUSY LINE

Shortly after you have completed dialing, the telephone you are calling will begin to ring, unless the line is busy. The "ringing signal" will be heard in the receiver as burr . . . burr . . . burr. If the line is in use, you will hear the "Busy Signal" as a buzz-buzz-buzz sound.

HOW TO USE THE YELLOW PAGES

When you want to BUY SOMETHING...

Suppose it's FURNITURE . . . just do this:

FIRST, find "Furniture" or "Furniture-Retail" on the "F" pages.

THEN, pick out the dealer who interests you most, who sells the kind of furniture you want, or whose location is convenient to you.

Use the directory in exactly the same way, whether you want a florist, a druggist, a hardware store, tires, a tractor, or any one of hundreds of other products or services.

When you want to FIND A BRAND NAME PRODUCT OR SERVICE...

Suppose you want a dealer for a nationally known and trade-marked product such as a TYPEWRITER or an AUTOMOBILE:

FIRST, turn to "Typewriters" on the "T" pages or "Automobiles" on the "A" pages.

THEN, look for the brand name of the product you're seeking. From the list of dealers under the particular nationally advertised product, typewriter or automobile, you can select a convenient dealer. It's just as easy as using the dictionary.

When you have forgotten a business firm's name but remember the address...

You may forget a business firm's name but remember its location:

For example, you want to call the laundry near 600 Main Street.

SIMPLY turn to the "Laundries" classification.

HERE you will find the laundries listed, and then all you have to do is look for the address, which you know, or for the name which you may recognize as soon as you see it.

Even when you KNOW THE NAME...

the Yellow Pages will frequently help you. Suppose you want to telephone Wilson, the mover. All the movers are listed in the classified at the classification of "Movers" on the "M" pages, and it is easier to find your Wilson among the few listed under "Movers" than in the long list of Wilsons in the alphabetical directory.

And please remember...

the Yellow Pages not only tell "who buys, sells, rents, repairs"—they also provide much helpful information on the products and services handled by individual firms.
