# LONG DISTANCE CALLS

To reach the Long Distance operator Dial Operator

## types of calls

### STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are lower than person-to-person. Charging begins when the called telephone answers.

### PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging begins when the called person or extension answers.

### COLLECT

Most calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

## how to make calls

### PLACING CALLS WITH OPERATOR

When you place your Long Distance calls with the operator, give her the Area Code and the telephone number.

If you do not know the Area Code, give the name of the town and state.

If you do not know the telephone number, give the name and address of the person you are calling, and tell the operator whether it is a station-to-station or person-to-person call.

Give your own telephone number only when the operator asks for it. Giving it to her before she is ready to receive it may delay the handling of your call.

### LONG DISTANCE RATES from HUGO

These typical rates are for the first 3 minutes and do not include the Federal Excise Tax. (Most rates are lower every night from 6 P.M. to 9 P.M. and all day Sunday, Thanksgiving, Christmas and New Year's Day. The lowest rates of all apply on station-to-station calls from 9 P.M. to 4:30 A.M.) Time at the calling point governs the application of these rates. For rates to other points, dial the Long Distance operator.

### EMERGENCY CALLS On Party Lines

**WARNING:** The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

### On The Cover

The six pictures are representative of Oklahoma's economy. The top three pictures tell the agriculture story. Wheat's the largest cash crop, cotton is second and Oklahoma is a recognized leader in livestock production.

The bottom pictures present the mineral and timber story. Oklahoma ranks third nationally in the number of producing oil wells and has abundant deposits of granite, coal, lead, zinc, limestone, gypsum and other minerals. Oklahoma has nearly five million acres of timberland standing within her boundaries, mostly in Southeastern Oklahoma.

### EMERGENCY CALLS On Party Lines

**WARNING:** The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

### RECORDING OF TELEPHONE CALLS

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the 'beep' tone."

### PAYMENT AGENCY

## DIALING A LOCAL CALL

**LOOK UP** and **JOT DOWN** the number.

**HEAR** the **DIAL TONE** before you dial.

**DIAL** the **TWO LETTERS** and then the **FIVE NUMERALS**

Be careful not to confuse the numeral "0" (zero) with the letter "O."

**AFTER DIALING** you will hear—

### The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

### The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

**TO GET A NUMBER FROM INFORMATION**

If you cannot find the number in your directory or in your personal list of telephone numbers, dial Operator for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

### CALLING ANOTHER PARTY ON YOUR LINE

Dial the number and when you hear the busy signal, hang up. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing.

**IF YOU HAVE DIFFICULTY IN DIALING** or need assistance—  
**DIAL "OPERATOR"**

### TELEPHONE NUMBER PREFIX

The telephone number prefix in Boswell is "LOwell." For the sake of brevity this is abbreviated as "LO" in directory listings.

### EMERGENCY CALLS On Party Lines

**WARNING:** The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

### RECORDING OF TELEPHONE CALLS

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects you will no longer hear the 'beep' tone."

### PAYMENT AGENCY Sportsman's Corner

Payments may be made to this representative, or by mail to:

**SOUTHWESTERN BELL TELEPHONE COMPANY**  
215 E. Kirk, Hugo, Okla. TERRY COLLIER, Manager FA 6-8000

## DIALING A LOCAL CALL

LOOK UP and JOT DOWN the number.

HEAR the DIAL TONE before you dial.

DIAL the TWO LETTERS and then the FIVE NUMERALS

Be careful not to confuse the numeral "0" (zero) with the letter "O."

AFTER DIALING you will hear—

### The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

### The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

### TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your directory or in your personal list of telephone numbers, dial Operator for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

### CALLING ANOTHER PARTY ON YOUR LINE

Dial the number and when you hear the busy signal, hang up. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing.

IF YOU HAVE DIFFICULTY IN DIALING or need assistance—  
DIAL "OPERATOR"

**EMERGENCY CALLS On Party Lines**

**WARNING:** The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

**RECORDING OF TELEPHONE CALLS**

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects you will no longer hear the 'beep' tone."

Payments may be made at the depository located at the Telephone Building in Soper, or by mail to:

**SOUTHWESTERN BELL TELEPHONE COMPANY**  
 215 E. Kirk, Hugo, Okla.      **TERRY COLLIER, Manager**      FA 6-9361

**DIALING A LOCAL CALL**

**LOOK UP** and **JOT DOWN** the number.

**HEAR** the **DIAL TONE** before you dial.

**DIAL** the **TWO LETTERS** and then the **FIVE NUMERALS**

Be careful not to confuse the numeral "0" (zero) with the letter "O."

**AFTER DIALING** you will hear—

**The Ringing Signal**

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

**The Busy Signal**

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

**TO GET A NUMBER FROM INFORMATION**

If you cannot find the number in your directory or in your personal list of telephone numbers, dial Operator for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

**CALLING ANOTHER PARTY ON YOUR LINE**

Dial the number and when you hear the busy signal, hang up. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing.

**IF YOU HAVE DIFFICULTY IN DIALING** or need assistance—  
**DIAL "OPERATOR"**

**TELEPHONE NUMBER PREFIX**

The telephone number prefix in Soper is "Dickens." For the sake of brevity this is abbreviated as "DI" in directory listings.

**EXCHANGE RATES PER MONTH**  
 Within the Base Rate Area

## WHICH OF THESE EXTENSION TELEPHONES WOULD YOU LIKE?

The choice is yours.

Perhaps you fancy the glamorous new Princess phone, with its space-saving size, elegant styling and special dial light that ends fumbling for the phone in the dark forever.

Or maybe you'd prefer a wall phone to add color and convenience to your kitchen. It's perfect for the workshop and den, too.

Or is it a table model color phone you'd like? Perhaps a soft color to blend with the living room drapes. A bright color for the family room.

Having trouble deciding? Why not call the telephone business office. They'll give you full details on all the wonderful colors available, suggestions on which phones might be best for you.

As we said, the choice is yours.

## Save one-third Call station-to-station

Take full advantage of bargain Long Distance rates by calling station-to-station (a call to a distant number rather than a particular person).

Station-to-station rates are about one-third less than person-to-person rates. Let you talk longer for less, call out-of-town friends and relatives more often.

Isn't there someone, somewhere, you'd like to call?

the Princess  
phone

Here's a dramatically different phone that's fit for a queen.

It's little — only 3½ inches wide, 8½ inches long . . . fits into small spaces.

It's lovely — styled with modern simplicity to grace any setting in your home.

It lights — dial glows and when you lift the receiver, it lights up brightly.

The Princess comes in five decorator colors. Why not order now? Call the telephone business office or ask any telephone serviceman.

When your quiet nook takes on an Eastern flair, blend a bright oriental vase with the cool turquoise of a Princess phone. Makes convenience a pretty thing.

South of the Border charm and grace makes for a sunny household hideaway. Add a striking white wall telephone and—bravo!

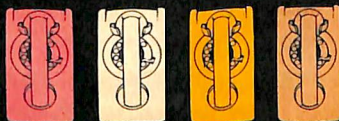

Here is an air of contemporary elegance—imaginatively imposing, richly distinctive. The pretty pink phone not only accents the blues, it gets things done.

## COLORFUL DECORATING IDEAS WITH PERSONAL EXTENSION PHONES

When you decorate remember to include a personal extension phone. Blend your mood and taste with any shade shown below.
