Rates Shown Are From Hugo, Okla.

interstate rates

Reduced "evening" rates begin at 5 PM weekdays. Further reduced "night" rates apply on station-to-station calls placed from 7 PM to 7 AM weekdays and all day Saturday, Sunday, New Year's Day, July 4, Labor Day, Thanksgiving and Christmas Day. Typical "night" rates and all day Saturday, Sunday and holiday rates for 3-minute station-to-station calls are shown on the map. The lowest Long Distance rates are offered "daily" from 12 midnight to 7 AM on calls dialed direct and on sent-paid station-to-station calls placed with an operator where facilities are not available for dial completion.

types of calls

STATION-TO-STATION

Call station-to-station if you will talk with anyone who answers. Rates are

lower than person-to-person. Charging begins when the called telephone answers.

PERSON-TO-PERSON

Call person-to-person when you must talk to a particular person or extension telephone. Rates are higher than station-to-station. Charging begins when the called person or extension answers.

COLLECT

Calls can be made "collect" if the person you are calling agrees to pay the charge. If you want the call made collect, please be sure to tell the operator when you give her the call.

EMERGENCY CALLS On Party Lines

WARNING: The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

On The Cover

Scenes showing eight of modern Oklahoma's many faces:

TOP—Rugged Black Mesa in the western tip of Oklahoma's Panhandle where dinosaurs roamed centuries ago; a typical rodeo, still seen throughout the state many months of the year; Platt National Park, a wonderland of rock and water in the Arbuckle Mountains near Sulphur.

MIDDLE—Red Rock Canyon State Park near Hinton, once a sheltered campground for Indians, today equipped to accommodate large youth groups; Boiling Springs State Park near Woodward, where cool, clear underground water rises to the surface to form a lush oasis; Fountainhead resort lodge, a plush, multi-million dollar development at Lake Eufaula.

BOTTOM—A part of the Cookson Hills that roll gracefully across east central Oklahoma; atop Mount Scott near Lawton, offering a splendid view of the Wichita Mountains Wildlife Refuge.

SOUTHWESTERN BELL TELEPHONE COMPANY

DIALING A LOCAL CALL

LOOK UP and JOT DOWN the number.

HEAR the DIAL TONE before you dial.

DIAL CAREFULLY the two letters and five numerals or the seven numerals.

Be careful not to confuse the numeral "0" (zero) with the letter "O."

AFTER DIALING you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

IF YOU HAVE DIFFICULTY IN DIALING or need assistance—
DIAL "OPERATOR"

TELEPHONE NUMBER PREFIX

The telephone prefix in Hugo is "FAirview 6." For the sake of brevity this is abbreviated as "FA 6" in directory listings. Some numbers that previously were listed as "FA 6" now are listed as "326." All Hugo numbers will be listed in this manner in 1969.

RECORDING OF TELEPHONE CALLS

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the 'beep' tone."

EXCHANGE RATES PER MONTH

Within the Base Rate Area

BUSINESS . . .

Individual Line \$7.60. Extension Telephone \$1.45. Additional Listing Per Line \$.75.

RESIDENCE . . .

Individual Line \$4.10. 2-Party Line \$3.50. Extension Telephone \$1.15. Additional Listing Per Line \$.30.

A NEW LOOK IN NUMBERS

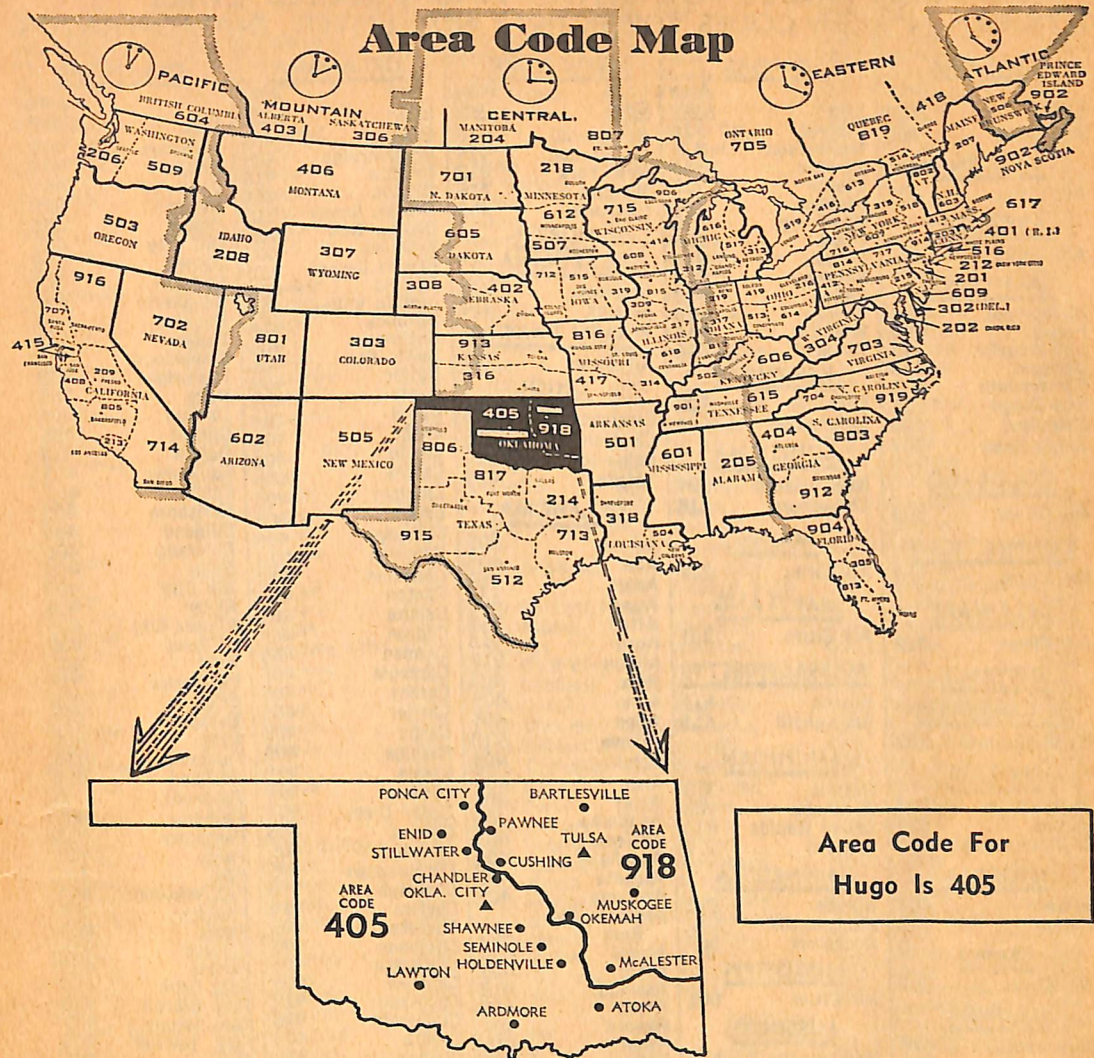

Some of the telephone numbers in this directory have seven numerals. Dial these telephone numbers the same way you dial numbers with two letters and five numerals.

TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your directory or in your personal list of telephone numbers, dial 411 for Information. When the Information Operator answers, first give her the name of the city or locality you are calling. Then give her the name and address of the party whose number you want. By first specifying the city or locality, you will insure faster service.

CALLING ANOTHER PARTY ON YOUR LINE

Dial 4104 plus your party code, plus the party code of the person you are calling, and hang up. Your bell will then start ringing. When it stops, pick up your receiver and talk. If your party does not answer, lift the receiver to stop the ringing. If you do not know the parties on your line or their station codes, dial Operator to obtain the information.

This map shows telephone areas, area codes and time zones (Standard Time). The United States and Canada are divided into over 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a long distance call, the operator dials the appropriate 3-digit code and then the telephone number you want. If you will give her the Area Code along with the telephone number, it will mean a real time saving for you. For example, if you want to call 787-2098 in Chicago, Ill., tell the operator Area Code "312" and then the telephone number—"787-2098." She will dial your call and then ask you for the number from which you are calling. (There are still a few places the Long Distance Operator cannot dial direct. If you should call one of them, she will require the name of the city you are calling.) Area Codes for states and selected cities are listed on pages 4 and 5.

EMERGENCY CALLS On Party Lines

WARNING: The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

RECORDING OF TELEPHONE CALLS

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the 'beep' tone."

DIALING A LOCAL CALL

LOOK UP and
JOT DOWN the number.

HEAR the **DIAL TONE**
before you dial.

DIAL CAREFULLY
the two letters and five
numerals or the seven numerals.

Be careful not to confuse the
numeral "0" (zero)
with the letter "O."

AFTER DIALING
you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated
at regular intervals means that the
telephone you dialed is ringing. Give
your party time to answer, about 10
rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound
means the called line is in use. Hang
up and call again later.

IF YOU HAVE DIFFICULTY IN DIALING or need assistance—
DIAL "OPERATOR"

TELEPHONE NUMBER PREFIX

The telephone number prefix in Boswell is "LOwell 6." For the sake of
brevity this is abbreviated as "LO 6" in directory listings. Some numbers
that previously were listed as "LO 6" now are listed as "566." All Boswell
numbers will be listed in this manner in 1969.

EXCHANGE RATES PER MONTH

Within the Base Rate Area

A NEW LOOK IN NUMBERS

Some of the telephone numbers in this di-
rectory have seven numerals. Dial these
telephone numbers the same way you dial
numbers with two letters and five numerals.

TO GET A NUMBER FROM INFORMATION

If you cannot find the number in your
directory or in your personal list of tele-
phone numbers, dial Operator for Informa-
tion. When the Information Operator an-
swers, first give her the name of the city or
locality you are calling. Then give her the
name and address of the party whose num-
ber you want. By first specifying the city
or locality, you will insure faster service.

CALLING ANOTHER PARTY ON YOUR LINE

Dial the number and when you hear the
busy signal, hang up. Your bell will then
start ringing. When it stops, pick up your
receiver and talk. If your party does not
answer, lift the receiver to stop the ringing.

EMERGENCY CALLS On Party Lines

WARNING: The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such a line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such a line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

RECORDING OF TELEPHONE CALLS

"If you hear a short 'beep' tone on your telephone about every 15 seconds, it means that the person with whom you are talking is recording your conversation. This signal is provided by the telephone company for your protection. Use of a recorder without recorder-connector equipment containing a tone-warning device is contrary to the Company's tariffs and not permitted. If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. When he disconnects, you will no longer hear the 'beep' tone."

DIALING A LOCAL CALL

LOOK UP and **JOT DOWN** the number.

HEAR the **DIAL TONE** before you dial.

DIAL CAREFULLY the two letters and five numerals or the seven numerals.

Be careful not to confuse the numeral "0" (zero) with the letter "O."

AFTER DIALING you will hear—

The Ringing Signal

A soft "burr-r-ring" sound repeated at regular intervals means that the telephone you dialed is ringing. Give your party time to answer, about 10 rings, before you hang up.

The Busy Signal

A steady "buzz-buzz-buzz" sound means the called line is in use. Hang up and call again later.

IF YOU HAVE DIFFICULTY IN DIALING or need assistance—
DIAL "OPERATOR"

**Will your
first phone
resent your
new extension?**

Relax! Sibling rivalry is unknown among telephones. There's nothing better for a busy mother than an extension phone to save her steps and time, help her run the house and raise the kids. The cost? For just pennies a day more than you're paying now for one phone, you can have two, and double your telephone convenience. Just call your telephone business office—or ask your telephone man.

I JUST CALLED TO SAY "HELLO"

What a warm, personal way to keep
in touch with family and friends.
And the cost is low—especially
when you call *station-to-station*.
For example, you can make three
station calls generally for the price
of two *person-to-person* calls. Re-
member, also: call by number . . .
it's twice as fast.

*What's a few miles
between friends?*

You can drop in on faraway friends and relatives as easily as visiting next door . . . by Long Distance. Try it today. The cost is low—even lower when you call *station-to-station*. For example, you can make three station calls generally for the price of two person-to-person.

Remember, too: call by number . . . it's twice as fast.

**DID
YOU
KNOW
THAT:**

... 9 out of 10 industrial buyers use the Yellow Pages every year.

... they refer to the Yellow Pages an average of 85.8 times each in a 12-month period.

... and 90% of these references are followed up with action—either a personal visit, a phone call or a letter.

Look into a Yellow Pages advertising program for your business. It pays.

When you have news too good to keep...

Long Distance is the next best thing to being there.

MR. BUSINESSMAN

People who are "ready to buy" look in the **YELLOW PAGES**. Other businessmen check the **YELLOW PAGES** for wholesalers, distributors, manufacturers . . . for all types of supplies and services.

Will they find your ad there?

P.S. Whatever your need —
you'll find it fast in the **YELLOW PAGES**

FILLS THE BILL FOR EASY SHOPPING

WHEN IS SHOPPING EASY? When you know where to buy what you're looking for. The Yellow Pages of your telephone directory "fill the bill" for easy shopping—they give the name, address, and telephone number of the store or person who sells any product or service available in your town.

TURN THROUGH THE YELLOW PAGES of this directory. You'll see products and services listed in alphabetical order under bold-type headings. Then under each heading you'll find the firms that sell, rent, or repair that item. Some stores have ads that give information on brands they carry, store hours, deliveries, and special services.

YES, THE YELLOW PAGES ARE EASY TO USE—a big saver of time, money, and effort. Make the most of them. When in doubt about "where to buy it," always look first in the Yellow Pages.

FAO
 You can **SAVE TIME...**

SAVE MONEY...

SAVE EFFORT...

...if you shop the Yellow Page way

Because the Yellow Pages of your telephone directory:
 Are the most complete, up-to-date buyers' guide in town—

Are filled with people ready and eager to serve you—

Are classified by type of business or service to make it easy to find what you want—

Are more useful than ever before, because they contain more listings and more information.

If you're already a Yellow Page user, you know how helpful they can be—but if you haven't yet formed the Yellow Page habit, turn now to the Yellow Pages and see how easy it is to find the product or service you want.

Yellow Pages tell who buys-sells-rents-repairs
