EMERGENCY CALLS ON PARTY LINES WARNING

The law of the state of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

ON THE COVER

By their shapes you shall know them. Wise drivers learn, by shapes, the messages carried by these silent symbols of safety. The round, yellow sign always marks the location of a railroad crossing. In practice it also has a black "X" and the letters "R-R." The white, rectangular sign always gives information while the red, octagonal sign always means "Stop." The inverted triangle always means "Yield." It has a distinct Oklahoma flavor, as it was invented by an Oklahoman and was first used in Oklahoma. The fish shape, the diamond, always means "Caution, Danger Ahead." It may warn of a school, a dip in the road, a crossroads, or a dangerous curve. But the shape is really saying, "Exercise Caution, There's a Hazard Ahead." The Oklahoma Highway Patrol was organized in 1937 to stem the rising traffic toll on Oklahoma highways. The patrol is dedicated to the objective of providing a safer environment for the traveling public. All of the symbols portrayed on the cover are provided to make traveling safer for the users of our highways.

long distance calling

To call Long Distance

All calls: Dial operator
 Directory Assistance (Information):
 Dial operator
 Tell the operator the city
 you want and the Area Code
 for that city

You can call anywhere in the continental United States for 85c or less after 7:00 p.m. and all day Saturday and Sunday.

Rate periods for calls to points outside Oklahoma

Station-to-Station

	Mon. through Fri.	Sat. Sun.
7:00 AM To 5:00 PM	Day Rate	
5:00 PM To 7:00 PM	Evening Rate (Low)	
7:00 PM To 7:00 AM	Night and Weekend Rate (Lower)	
MIDNIGHT To 7:00 AM	Late Night DDD Rate (Lowest)	

Person-to-Person

	Mon. through Fri.	Sat. Sun.
7:00 AM To 5:00 PM	Day Rate	\$1.
5:00 PM To 7:00 AM	Night and Weekend Rate (Lower)	

- Rates shown on map are for 3-minute station-to-station night and weekend calls.
- Evening rate reductions apply on calls to points more than 55 miles away.
- Night rate reductions apply on calls to points more than 220 miles away.
- Late Night DDD Rates apply on customer dialed station-to-station calls to points more than 354 miles away, made from business or residence phones.
- On 5 holidays—New Year's Day, 4th of July, Labor Day, Thanksgiving and Christmas Day—night rates apply all day on station-to-station and person-to-person calls.
- The time at the calling point determines the applicable rate period.

Direct Distance Dialing, Station-to-Station, is most economical.
 For example:
 Hugo to New York (3-minute day rate)
 DDD, Station-to-Station\$1.40
 Person-to-Person 2.40

types of long distance calls

Station-to-Station

Direct Distance Dialed (DDD) calls are station-to-station calls. Call station-to-station if you'll talk with anyone who answers. Rates are lower than for person-to-person calls and charging begins when the telephone you've called is answered.

Person-to-Person (Dial Operator)

Call person-to-person when you wish to talk with a particular person or extension. Tell the Operator you wish to make a "person-to-person" call and give her the Area Code for the city you want and the telephone number. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called.

Collect (Dial Operator)

You can call "collect" if the person or firm you're calling agrees to pay the charge. If you want to make a "collect" call, tell the Operator and give her the Area Code for the city you want and the telephone number.

Conference (Dial Operator)

You can talk with several people in different places at the same time. Dial Operator and tell her you wish to make a conference call.

Mobile, Marine and Overseas Service (Dial Operator)

You can make local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service and to practically all the world's telephones. Some Mobile and Marine calls can be completed by dialing, others must be completed by the Operator. On overseas calls, dial Operator and ask for the Overseas Operator and give her the name of the country you're calling.

Inward WATS

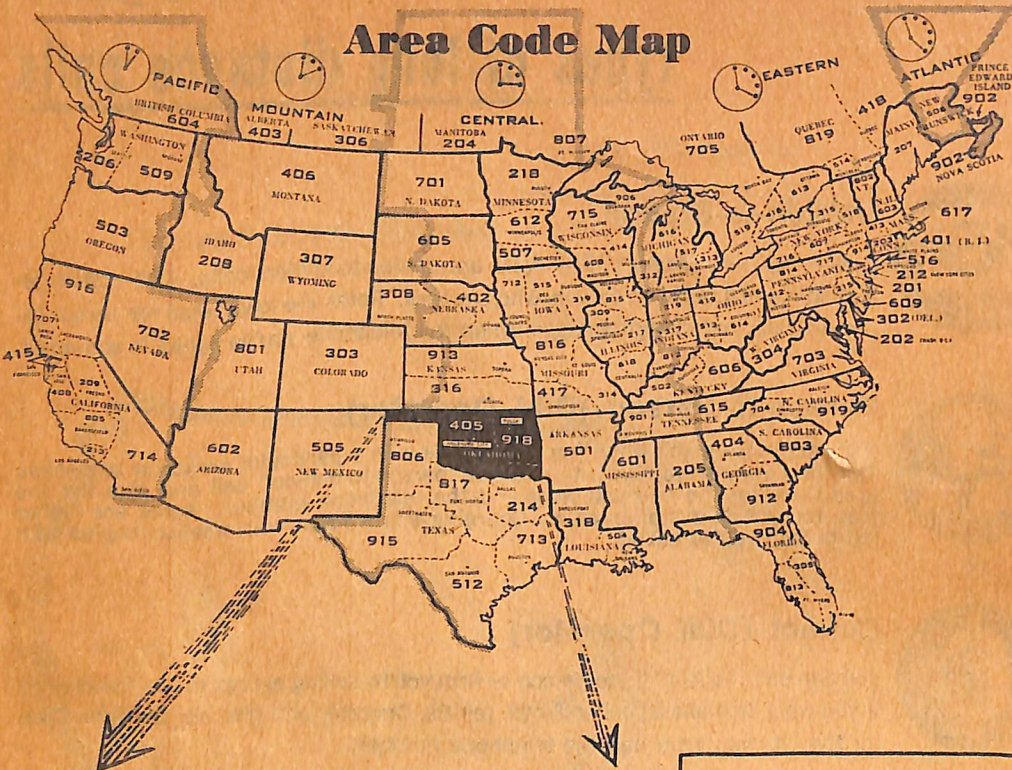

Station-to-station Long Distance calls may be made without charge to you to those customers who have inward Wide Area Telephone Service. They offer this service to their customers calling from specific locations. Dial Operator and give her Area Code 800 plus the special numbers of customers with this service.

You will not be charged:

If you call Directory Assistance (Area Code 3 and 555-1212) in another city. If you reach a wrong number. (Dial Operator and tell her. She'll see that you're not charged for the call.)
 If the telephone you called is busy or does not answer.
 If you hang up before dialing the complete number.

Area Code Map

Area Code For
Hugo Is 405

This map shows telephone areas, area codes and time zones (Standard Time). The United States and Canada are divided into over 100 "Dialing Areas." Each area has a 3-digit "Area Code" assigned to it. When you place a long distance call, the operator dials the appropriate 3-digit code and then the telephone number you want. If you will give her the Area Code along with the telephone number, it will mean a real time saving for you. For example, if you want to call 787-2098 in Chicago, Ill., tell the operator Area Code "312" and then the telephone number—"787-2098." She will dial your call and then ask you for the number from which you are calling. (There are still a few places the Long Distance Operator cannot dial direct. If you should call one of them, she will require the name of the city you are calling.)

**Will your
first phone
resent your
new extension?**

Relax! Sibling rivalry is unknown among telephones. There's nothing better for a busy mother than an extension phone to save her steps and time, help her run the house and raise the kids. The cost? For just pennies a day more than you're paying now for one phone, you can have two, and double your telephone convenience. Just call your telephone business office—or ask your telephone man.

Yellow Pages Directory

It's little . . . the compact PRIN-
 CESS PHONE fits into small
 places. It's lovely . . . comes in
 five pastel colors. It lights . . .
 with a built-in dial night light
 that glows softly when not in use;
 shines brightly when the receiver
 is lifted.

FILLS THE BILL FOR EASY SHOPPING

WHEN IS SHOPPING EASY? When you know where to buy what you're looking for. The Yellow Pages of your telephone directory "fill the bill" for easy shopping—they give the name, address, and telephone number of the store or person who sells any product or service available in your town.

TURN THROUGH THE YELLOW PAGES of this directory. You'll see products and services listed in alphabetical order under bold-type headings. Then under each heading you'll find the firms that sell, rent, or repair that item. Some stores have ads that give information on brands they carry, store hours, deliveries, and special services.

YES, THE YELLOW PAGES ARE EASY TO USE—a big saver of time, money, and effort. Make the most of them. When in doubt about "where to buy it," always look first in the Yellow Pages.

326-3470

CALLING LONG DISTANCE IS
FASTER, EASIER
when you use the
AREA CODE

YOUR Long Distance calls which are placed with the operator go through twice as fast when you call by number and give the AREA CODE.

Remember, keep a list of frequently called telephone numbers and AREA CODES — and use them for fastest long distance service.
