ON THE COVER

Will Rogers' love of horses is reflected in this reproduction of a part of a mural showing Will and some of his favorite mounts. The huge 10½' x 28' mural in the Will Rogers Memorial at Claremore is the work of Ray Piercey, a native Oklahoman.

general information

TARIFF PROVISIONS

The communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the Company subject to the rules, regulations and charges set forth in its tariffs. The Company's tariffs are subject to change and are made available for inspection at Company business offices during office hours. Some tariff matters of special interest are:

ABUSE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse. Abuse of service includes the use of service or facilities of the Telephone Company to transmit a message or to locate a person or otherwise to give or obtain information without payment of a Long Distance charge.

GUARDING AGAINST FRAUD

For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent calls. State and Federal laws provide that no person shall defraud or attempt to defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment or fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the Company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by recorder-connector equipment furnished by the Telephone Company. It is unlawful to record a two-way telephone conversation without the "beep" tone.

CUSTOMER-PROVIDED EQUIPMENT

Customer-owned and maintained terminal devices or communication systems may be used in conjunction with the Company's facilities

and equipment provided such use complies with the Company's tariffs. The telephone network control signaling functions shall be performed by the Telephone Company. These regulations were developed in the interest of good telephone service and to prevent hazards to customers and Company employees. Violation of the regulations could result in the removal of the devices or systems or in the suspension of your telephone service. You should contact your local business office or your Southwestern Bell Communications Consultant for further information concerning these regulations.

PAYMENTS FOR SERVICE

The customer is responsible for all Long Distance calls placed from his telephone. The holder of a credit card is responsible for all authorized charges made to that number. If a credit card is lost or stolen, or if the customer suspects that unauthorized use is being made of his credit card number, he should contact the Business Office immediately.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for your customers to reach you. Include your telephone number on your stationary, statements and all advertising pieces. Show your Area Code, too—it helps distant parties call you faster; For example, 405 326-3361.

TELEGRAMS BY TELEPHONE

You may send telegrams, cablegrams or radiograms by telephoning Western Union Telegraph Company; the charges will appear on your telephone bill. See the listing for Western Union in this directory.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Every Southwestern Bell employee is issued an identification card bearing his or her signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see an identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

Remember: One-Plus is dialing your
own Long Distance calls. It's the fastest,
easiest way and you won't find a better
bargain. To do it, just dial 1 plus the
Area Code (if it's different from your
own) plus the number. That's it. One-
Plus—the easiest way to call, yet there's
no cheaper way.

Remember: One-Plus is dialing your own Long Distance calls. It's the fastest, easiest way and you won't find a better bargain. To do it, just dial 1 plus the Area Code (if it's different from your own) plus the number. That's it. One-Plus—the easiest way to call, yet there's no cheaper way.

Contractors, Excavators:
 Prevent Costly Delays At Your Construction Site

When a construction crew accidentally damages a buried telephone cable, the result is often a complete work stoppage while telephone crews move in for repairs.

There is a way to prevent this situation. Before you start digging, call Operator. Ask for Enterprise 9800. (No charge for the call.) A telephone company employee will pinpoint buried cable near your construction site.
