types of long distance calls

Station-to-Station

Call station-to-station if you'll talk to anyone who answers. Rates are lower than for person-to-person calls. Charging begins when the phone you've called is answered.

Person-to-Person

Call person-to-person when you wish to talk to a particular person or extension. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called or with an alternate person or extension.

Credit Card

Customers who have Bell System Credit Cards may place calls and charge them to their credit card numbers. These calls require "OPERATOR" assistance to note the credit card number, and may be station-to-station or person-to-person. Customers may apply for a credit card by calling their local business office.

Bill to Third Number

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance to note the number to be billed. The calls may be either station-to-station or person-to-person.

Collect

You can call "collect" only if the person or firm you're calling agrees to pay the charge.

Conference

You can talk with several people in different places at the same time. Dial Operator and say you wish to make a conference call.

Mobile, Air, Land, Marine

You can make local and Long Distance calls to automobiles, trucks, trains, aircraft and boats equipped for telephone service. Some Mobile calls can be completed by dialing; others must be completed by the Operator.

International Calling

You can call practically any telephone in the world. Tell the Operator you wish to place an International call and state the name of the country you are calling. (Reduced rates apply on calls to many points during certain night hours and/or Sundays.)

Inward WATS

Station-to-station Long Distance calls may be made without charge to those customers who have Inward WATS numbers. They offer this service to their customers calling from specific locations. Dial "1" plus the Area Code 800 plus the special numbers of customers with this service. To reach Directory Assistance for Inward WATS numbers, dial "1" plus Area Code 800 plus 555-1212.

Coin

Public coin telephones are maintained for customer convenience and necessity in making local and Long Distance calls. Consult specific calling instructions on each coin phone before attempting to place a call.

Time and Charges

Customers placing calls may also request from the "OPERATOR" the amount of time and the charge for the call. This service requires "OPERATOR" assistance.

Dial-direct rates also apply on calls placed with an Operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls you pay only for the minutes you talk. The initial rate period is one minute any time of day or night.

Additional savings apply if you dial direct during the "discount" time periods indicated on the chart below.

(Different discounts apply on calls to Alaska and Hawaii.)

HIGHEST RATES • OPERATOR-ASSISTED THREE-MINUTE RATES

Operator-assisted calls are those requiring the assistance of an Operator to complete the call. These include person-to-person, coin, collect, credit card, billed to a third number, hotel guest, time and charge calls.

The initial period for all Operator-assisted calls is three minutes.

HOLIDAY RATES

New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day. On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights and weekends). On Operator-assisted calls, the dial-direct discount rate applies on additional minutes.

Calls may be dialed direct to some locations outside the Continental U.S. including Alaska, Hawaii, Puerto Rico, U.S. Virgin Islands, Canada, the Bahamas, Bermuda and parts of Mexico including Mexico City. The one-minute minimum rate does not apply on calls to some of these locations.

For calls to all other points outside Continental U.S., dial "0" and ask the Operator to place your call. The Operator can also give you rates for calls to these locations.

general information

TARIFF PROVISIONS

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the company subject to the rules, regulations and charges set forth in its tariffs. The company's tariffs are subject to change and are available for inspection at company business offices during office hours.

ABUSE OR FRAUDULENT USE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse or fraudulent use. Abuse or fraudulent use includes the use of Telephone Company service or facilities to transmit a message, locate a person or otherwise give or obtain information without payment of a Long Distance charge. Abuse or fraudulent use also includes charging a Long Distance call to a false number, to an unauthorized credit card number or to another number without permission. For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent use of telephone facilities. Federal and state laws provide that no person shall defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by equipment furnished by the Telephone Company. It is a violation of Telephone Company tariffs to record a two-way telephone conversation without the "beep" tone. Under certain restrictions, an exception to this tariff applies to federally licensed commercial broadcast stations.

CUSTOMER-PROVIDED EQUIPMENT

Equipment, apparatus, devices or systems not furnished by the Telephone Company may be used with the company's facilities and equipment provided such use complies with the company's tariffs. Any items used with the company's facilities and equipment in violation of the company's tariffs may lead to the removal of the equipment, apparatus, devices or systems, or the suspension of your telephone service. You should contact your local business office or the Southwestern Bell Telephone Company account executive for other information concerning these regulations.

PAYMENTS FOR SERVICE

The customer is responsible for all Long Distance calls placed from his or her telephone. The holder of a credit card is responsible for all authorized charges made to that number. If the credit card is lost or stolen, or if the customer suspects that unauthorized use is being made of the credit card number, the customer should contact the Telephone Company business office immediately.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for people to reach you. Include your telephone number on your stationery, statements and all advertising pieces. Show your Area Code, too—it helps distant parties call you faster: for example, (918) 555-9211.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, mailgrams, cablegrams or radiograms from your home or business telephone to the Western Union Telegraph Company. The telegraph charges will appear on your telephone bill.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each Southwestern Bell employee is issued an identification card bearing his or her signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see that employee's identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

helpful telephone tips

how to save time and money when you call

Dial it yourself and save

You can save money by dialing your calls direct without involving an operator. We offer lower rates on dial-direct calls to anywhere in the United States including Alaska and Hawaii.

Call during bargain times and save from 35% to 60%

Rates on interstate dial-direct calls are lower during evening, night and weekend hours. You can save from 35% to 60% by dialing during these low rate periods. Check the chart on page 5.

If you use the operator, Long Distance calls cost more

Collect, credit card, coin phone calls, time and charges and calls charged to another number require the services of an operator. These "operator-assisted" calls cost more than dial-direct calls.

Person-to-person calls cost the most

Calling person-to-person can cost nearly twice as much as other operator-assisted calls. And many times more than our lowest dial-direct rate! Compare the rates yourself.

Take advantage of holiday rates

Our 35% discount evening rates apply when you dial direct out-of-state on these legal holidays: New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day—and that's all day, not just evenings. If you're calling nights or weekends, you get the 60% discount for dialing direct. See the rate chart on page 5.

Schedule your calls

If you call someone frequently, try to arrange a specific time when he or she will be there to take your call. That way you can dial direct and save!

Plan your conversation

Whether it's business or personal, jot down the things you want to talk about, the questions you want to ask. You'll save calling time—and you won't forget something you wanted to say.

Don't pay for wrong numbers

If you reach a wrong number, we don't want you to pay for it. Let the operator know right away so that you won't be charged for it. If you call from a coin phone, we'll mail you a refund.

Let it ring

When you make a call, give your party time to answer—at least 10 rings—before you hang up. This could save you having to make a second call later.

Bad connection

If you get a poor connection or are cut off on a Long Distance call, both parties should hang up. Whoever placed the call should tell the operator about the bad connection so that the operator can reestablish the call for you and adjust the charge so you aren't billed for the interrupted time.

Use Area Codes

Be sure to use the correct Area Code when dialing outside your own Area Code. You will avoid reaching a wrong number. Area Codes for many cities are listed on pages 7-9.

Moving day special

If you have residence service and are planning a move, you can save money by having your main phone and all extensions put in at the same time. This saves our installer an extra trip and saves you a charge for an extra installer visit.

Take your phone book with you when you move

It'll save you lots of time when you want to call back to friends or business associates you left behind—you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

Emergency numbers

You'll find emergency numbers for Police, Fire and others on the inside front cover of this phone book. There's also a place for listing your doctor's number. If you can't find the number in an emergency, dial "0" (operator) for assistance.

Teach the children to dial "0" in emergencies

Show your children how to use the phone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they're going to be late. Give them change to carry for emergency calls.

Coin phone refunds

If one of our coin phones collects your money and doesn't complete your call, jot down the number and report it to us. Just dial "0" (operator) from another phone and we will mail you your refund and repair the phone that is out of order.

You think of us as the phone company. We are—and then some. We're part of the nation's largest computer: the Long Distance network. We offer as much special equipment for the handicapped as some hospitals. We transmit more data than a chain of computer companies. We employ more specialists than the largest consulting firms. Why? Because we're more than a phone company. We're a communications company.

Telephone travel not only helps conserve fuel. It can ease the strain on your budget, too. One-Plus is especially economical. When you call Long Distance the One-Plus way evenings and weekends, rates

are low enough for you to make your journey a long one. So next time you have the urge to visit out-of-town relatives, travel by Long Distance...and stay awhile. You'll save.

Where One-Plus service is not available, One-Plus rates apply on station-to-station calls charged to the phone from which they are made. One-Plus rates are not applicable to calls made from coin telephones.

Beat the 'hi' cost of living. Say your 'hellos' the One-Plus way.

(Dial 1 + the Area Code* + the number)
 *if different from your own

Dialing One-Plus saves you money — and time. Especially if you have the number handy when you need it.
 Jot down frequently called numbers on this page. It's a good idea to include numbers you might need in an emergency.
 Use this list and you'll be seconds ahead next time you call next door or across the country.
 And remember, when you travel out of town by Long Distance, be sure to go the One-Plus way.
