Emergency Calls

On Party Lines

WARNING

The law of the State of Oklahoma provides that any person who shall willfully refuse to immediately relinquish a party line when informed that such line is needed for an emergency call to a fire department or police department or for medical aid or ambulance service, or any person who shall secure the use of a party line by falsely stating that such line is needed for an emergency call, shall be guilty of a misdemeanor. The law defines an "emergency" as a "situation in which property or human life are in jeopardy and the prompt summoning of aid is essential."

ANNOYANCE CALLS

Federal and state statutes make it unlawful for any person to make obscene, harassing, annoying or threatening telephone calls. Violations are punishable as criminal offenses by imprisonment and/or fine. Anyone wishing to report such calls should contact the Telephone Company business office. If a threat is involved, the police should also be notified.

ON THE COVER

A picturesque sunset combines with sailboats on an Oklahoma lake to provide for this serene setting. The setting could well be found on any number of state lakes, whose total surfaces rank Oklahoma among the highest in the nation.

All told, in Oklahoma there are 35-plus major reservoirs ranging in size from 890 to 102,500 acres, 1,777 smaller lakes with surface areas of 10 acres or more, and 189,577 ponds with surface areas of less than 10 acres.

business with the company

For repair service . . .

Toll Free—Dial “1” & Then 678-8345

To inquire by phone about your bill...

or discuss any other service-related matters,
call your service representative . . . see call-guide 1

To conduct business in person...

If you wish to speak in person with a service representative, you may do so at our PhoneCenter Stores. Residential customers can shop in person for new or additional telephones, arrange to move or disconnect service and much more at PhoneCenter Stores.

Customers with one-party service can save money on installation charges by picking up their telephones in person. And, many homes and apartments are

now equipped with modular receptacles, offering one-party customers the convenience and economy of plugging in their own telephones, without a visit from an installer.

When disconnecting service, many residential customers can save money by returning telephones to a PhoneCenter Store. Telephones must be returned on the disconnect date.

PhoneCenter Store is located at:

**215 E. Kirk
Hugo**

how to connect or disconnect your phone

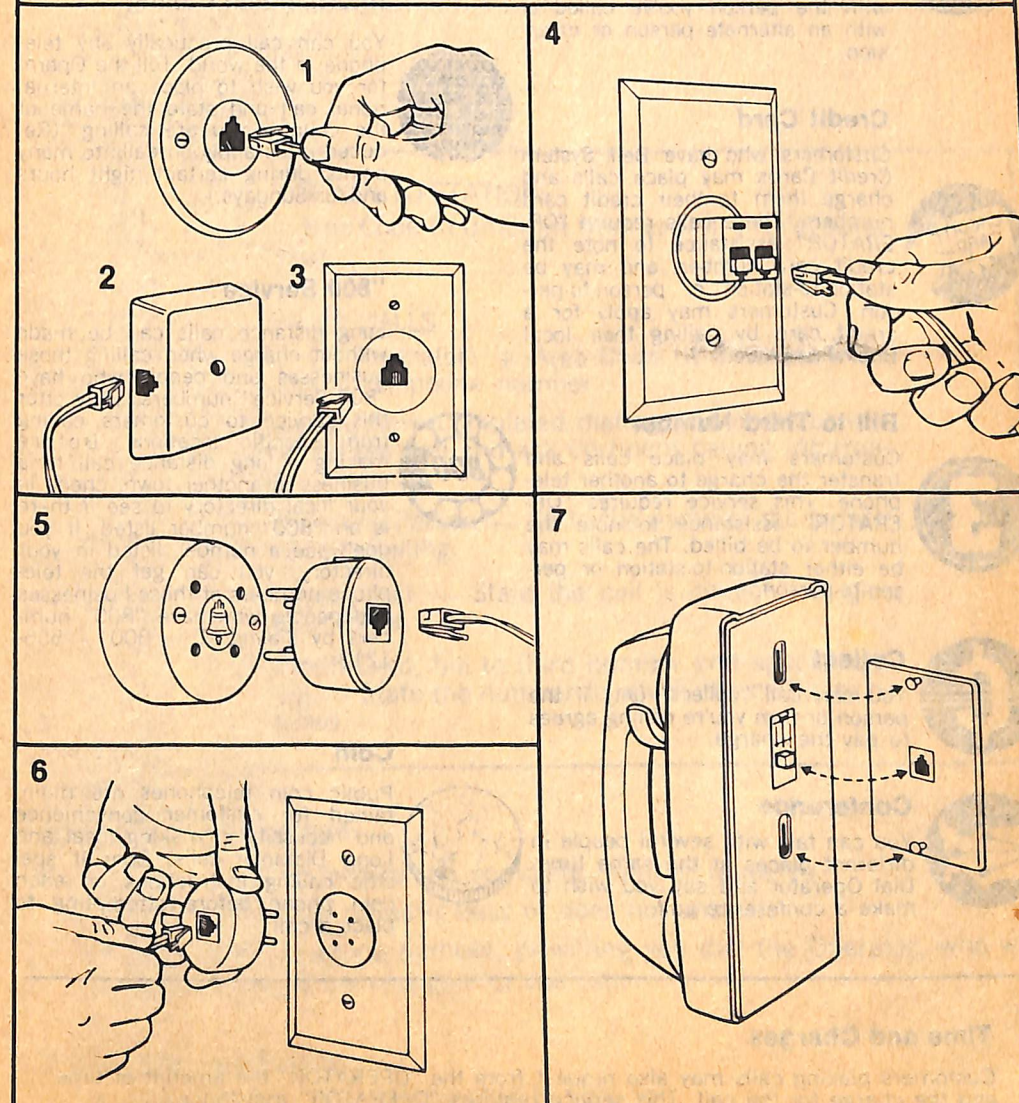

The illustrations below should be helpful to you when installing or disconnecting your telephones.

Illustrations one through four show wall receptacles (standard jacks) which can accommodate modular telephone cords. To install your phone, match the plug at the end of the telephone cord with the receptacle and insert. To disconnect the phone, squeeze the clip on the plug and pull out of the receptacle.

Illustrations five and six show receptacles (non-standard jacks) which can be made to accommodate modular telephone

cords by the use of adapters. The adapters simply plug into the receptacle. With the adapter in place, follow the above steps to install your phone.

A receptacle for a wall mounted telephone is shown in illustration seven. To connect your wall phone, match the holes in the back of the telephone with the rivets on the wall mounting, push the telephone lightly against the mounting while sliding it down into place over the rivets. To disconnect, slide the telephone up to lift it off the rivets, then pull the phone away from the receptacle.

types of long distance calls

Station-to-Station

Call station-to-station if you'll talk to anyone who answers. Rates are lower than for person-to-person calls. Charging begins when the phone you've called is answered.

Person-to-Person

Call person-to-person when you wish to talk to a particular person or extension. Rates are higher than for station-to-station calls. Charging starts when conversation begins with the person you've called or with an alternate person or extension.

Credit Card

Customers who have Bell System Credit Cards may place calls and charge them to their credit card numbers. These calls require "OPERATOR" assistance to note the credit card number, and may be station-to-station or person-to-person. Customers may apply for a credit card by calling their local Business Office.

Bill to Third Number

Customers may place calls and transfer the charge to another telephone. This service requires "OPERATOR" assistance to note the number to be billed. The calls may be either station-to-station or person-to-person.

Collect

You can call "collect" only if the person or firm you're calling agrees to pay the charge.

Conference

You can talk with several people in different places at the same time. Dial Operator and say you wish to make a conference call.

Mobile, Air, Land, Marine

You can make local and Long Distance calls to automobiles, trucks, aircraft, boats and ships. Ask the "Operator" for the Mobile, Marine or High Seas Operator. For information on other Communications Common Carriers, consult the Yellow Pages under PAGING & SIGNALLING, and RADIO-TELEPHONE COMMUNICATIONS headings.

International Calling

You can call practically any telephone in the world. Tell the Operator you wish to place an International call and state the name of the country you are calling. (Reduced rates apply on calls to many points during certain night hours and/or Sundays.)

"800 Service"

Long distance calls can be made without charge when calling those businesses and people who have "800 Service" numbers. They offer this service to customers calling from specific locations. Before making a long distance call to a business in another town, check in your local directory to see if there is an "800" number listed. If you don't see a number listed in your directory, you can get the telephone numbers of those businesses and people who have "800" numbers by dialing 1 - 800 - 555-1212.

Coin

Public coin telephones are maintained for customer convenience and necessity in making local and Long Distance calls. Consult specific calling instructions on each coin phone before attempting to place a call.

Time and Charges

Customers placing calls may also request from the "OPERATOR" the amount of time and the charge for the call. This service requires "OPERATOR" assistance.

how to place long distance calls

Before you call, consider the following:

- Coin Phones: Look at the instruction card on the phone.
- Area Codes: Your Area Code is 405 (see Call-Guide pages 9-11 for others).
- Telephone Numbers: If you don't know the telephone number, you may dial Directory Assistance for the distant city, as follows:
1 + Area Code (if different from yours) + 555-1212.

When the Directory Assistance Operator answers, give the city or town, then the name and address you wish to call. Jot down the number for future reference.

Making your call:

- DIAL STATION-TO-STATION:
1 + Area Code (if different from yours) + telephone number.
- ALL OTHER CALLS:
Dial "O" (Operator) + Area Code (if different from yours) + telephone number.
When you have completed dialing, the operator will come on the line and ask pertinent calling information:
 - Person-to-Person — State the name of the person you are calling.
 - Collect Call — State the call is collect and give your name.
 - Credit Card, bill to third number and special billing — State the number to which the call is to be billed.

You will not be charged:

- If you hang up before the complete number is dialed.
- If the phone you called is busy or does not answer.
- If you reach a wrong number, providing you dial the Operator, who will see that you're not charged for the call.

If you need assistance.

- Dial Operator, who will be glad to help you.

long distance rates to other states including Alaska and Hawaii

LOWEST RATES • DIAL-DIRECT ONE-MINUTE RATES

Dial-direct calls are those interstate calls completed from a residence or business phone without Operator assistance.

Dial-direct rates also apply on calls placed with an Operator from a residence or business phone where dial-direct facilities are not available.

On dial-direct calls you pay only for the minutes you talk. The initial rate period is one minute any time of day or night.

Additional savings apply if you dial direct during the "discount" time periods indicated on the chart below.

(Different discounts apply on calls to Alaska and Hawaii.)

8 A.M.	MONDAY THROUGH FRIDAY		SATURDAY	SUNDAY
5 P.M.	WEEKDAY	FULL RATE Minimum charge: 1 minute	Evening	
11 P.M.	EVENING	35% DISCOUNT from Full Rate Minimum charge: 1 minute		
8 A.M.	NIGHT & WEEKEND	60% DISCOUNT from Full Rate Minimum charge: 1 minute		

HIGHEST RATES • OPERATOR-ASSISTED THREE-MINUTE RATES

Operator-assisted calls are those requiring the assistance of an Operator to complete the call. These include person-to-person, coin, collect, credit card, billed to a third number, hotel guest, time and charge calls.

The initial period for all Operator-assisted calls is three minutes.

STATION-TO-STATION		PERSON-TO-PERSON	
FULL RATE		FULL RATE	
ALL DAYS	ALL HOURS	ALL DAYS	ALL HOURS
Minimum charge: 3 minutes		Minimum charge: 3 minutes	

Additional minutes are charged at dial-direct rates and include the same discount applicable to the time period when you call.

HOLIDAY RATES

New Year's Day/July 4th/Labor Day/Thanksgiving/Christmas Day. On these legal holidays, the evening rate applies all day on dial-direct calls unless a lower rate would normally apply (nights and weekends). On Operator-assisted calls, the dial-direct discount rate applies on additional minutes.

CALLS OUTSIDE CONTINENTAL U.S. (Including Alaska and Hawaii)

Calls may be dialed direct to some locations outside the Continental U.S. including Alaska, Hawaii, Puerto Rico, U.S. Virgin Islands, Canada, the Bahamas, Bermuda and parts of Mexico including Mexico City. The one-minute minimum rate does not apply on calls to some of these locations.

For calls to all other points outside Continental U.S., dial "0" and ask the Operator to place your call. The Operator can also give you rates for calls to these locations.

general information

TARIFF PROVISIONS

Communication services furnished by Southwestern Bell Telephone Company are public utility services which are offered by the company subject to the rules, regulations and charges set forth in its tariffs. The company's tariffs are subject to change and are available for inspection at company business offices during office hours.

ABUSE OR FRAUDULENT USE OF TELEPHONE SERVICE

The tariffs provide for suspension or termination of telephone service for abuse or fraudulent use. Abuse or fraudulent use includes the use of Telephone Company service or facilities to transmit a message, locate a person or otherwise give or obtain information without payment of a Long Distance charge. Abuse or fraudulent use also includes charging a Long Distance call to a false number, to an unauthorized credit card number or to another number without permission. For your protection, new equipment and procedures enable the Telephone Company to detect and investigate fraudulent use of telephone facilities. Federal and state laws provide that no person shall defraud the Telephone Company of its lawful charges. Violators, upon conviction, are subject to imprisonment, fine or both.

DIRECTORY ACCURACY

Every effort is made to make the directory as accurate as possible. In case of error or omission the liability of the company, if any, is limited to the amount of actual impairment of the customer's service and may not, in any event, exceed the amount paid for the service during the period covered by the directory in which the error or omission occurred.

TELEPHONE RECORDERS

A short intermittent "beep" tone on your telephone means your conversation is being recorded. This signal is provided for your protection by equipment furnished by the Telephone Company. It is a violation of Telephone Company tariffs to record a two-way telephone conversation without the "beep" tone. Under certain restrictions, an exception to this tariff applies to federally licensed commercial broadcast stations.

CUSTOMER-PROVIDED EQUIPMENT

Equipment, apparatus, devices or systems not furnished by the Telephone Company may be used with the company's facilities and equipment provided such use complies with the company's tariffs. Any items used with the company's facilities and equipment in violation of the company's tariffs may lead to the removal of the equipment, apparatus, devices or systems, or the suspension of your telephone service. You should contact your local business office or the Southwestern Bell Telephone Company account executive for other information concerning these regulations.

PAYMENTS FOR SERVICE

The customer is responsible for all Long Distance calls placed from his or her telephone. The holder of a credit card is responsible for all authorized charges made to that number. If the credit card is lost or stolen, or if the customer suspects that unauthorized use is being made of the credit card number, the customer should contact the Telephone Company business office immediately.

YOUR TELEPHONE NUMBER IS IMPORTANT

It's smart to make it easy for people to reach you. Include your telephone number on your stationery, statements and all advertising pieces. Show your Area Code, too—it helps distant parties call you faster: for example, (405) 555-9211.

TELEGRAMS BY TELEPHONE

You may telephone telegrams, mailgrams, cablegrams or radiograms from your home or business telephone to the Western Union Telegraph Company. The telegraph charges will appear on your telephone bill.

IDENTIFICATION OF TELEPHONE EMPLOYEES

Each Southwestern Bell employee is issued an identification card bearing his or her signature and photograph. If you have reason to question the identity of any telephone employee seeking to enter your home or place of business, ask to see that employee's identification card.

OUT-OF-TOWN DIRECTORIES

Directories of other cities may be obtained by calling the business office.

helpful telephone tips

how to save time and money when you call

Dial it yourself and save

You can save money by dialing your calls direct without involving an operator. We offer lower rates on dial-direct calls to anywhere in the United States including Alaska and Hawaii.

Call during bargain times and save from 35% to 60%

Rates on interstate dial-direct calls are lower during evening, night and weekend hours. You can save from 35% to 60% by dialing during these low rate periods. Check the charts on pages 6 and 7.

If you use the operator, Long Distance calls cost more

Collect, credit card, coin phone calls, time and charges and calls charged to another number require the services of an operator. These "operator-assisted" calls cost more than dial-direct calls.

Person-to-person calls cost the most

Calling person-to-person can cost nearly twice as much as other operator-assisted calls. And many times more than our lowest dial-direct rate! Compare the rates yourself.

Take advantage of holiday rates

Our 35% discount evening rates apply when you dial direct out-of-state on these legal holidays: New Year's Day, July 4th, Labor Day, Thanksgiving and Christmas Day—and that's all day, not just evenings. If you're calling nights or weekends, you get the 60% discount for dialing direct. See the rate charts on pages 6 and 7.

Schedule your calls

If you call someone frequently, try to arrange a specific time when he or she will be there to take your call. That way you can dial direct and save!

Plan your conversation

Whether it's business or personal, jot down the things you want to talk about, the questions you want to ask. You'll save calling time—and you won't forget something you wanted to say.

Don't pay for wrong numbers

If you reach a wrong number, we don't want you to pay for it. Let the operator know right away so that you won't be charged for it. If you call from a coin phone, we'll mail you a refund.

Let it ring

When you make a call, give your party time to answer—at least 10 rings—before you hang up. This could save you having to make a second call later.

Bad connection

If you get a poor connection or are cut off on a Long Distance call, both parties should hang up. Whoever placed the call should tell the operator about the bad connection so that the operator can reestablish the call for you and adjust the charge so you aren't billed for the interrupted time.

Use Area Codes

Be sure to use the correct Area Code when dialing outside your own Area Code. You will avoid reaching a wrong number. Area Codes for many cities are listed on pages 9-11.

Moving day special

If you have residence service and are planning a move, you can save money by having your main phone and all extensions put in at the same time. This saves our installer an extra trip and saves you a charge for an extra installer visit.

Take your phone book with you when you move

It'll save you lots of time when you want to call back to friends or business associates you left behind—you'll already have their numbers and won't have to waste valuable time calling for Long Distance Directory Assistance.

Emergency numbers

You'll find emergency numbers for Police, Fire and others on the inside front cover of this phone book. There's also a place for listing your doctor's number. If you can't find the number in an emergency, dial "0" (operator) for assistance.

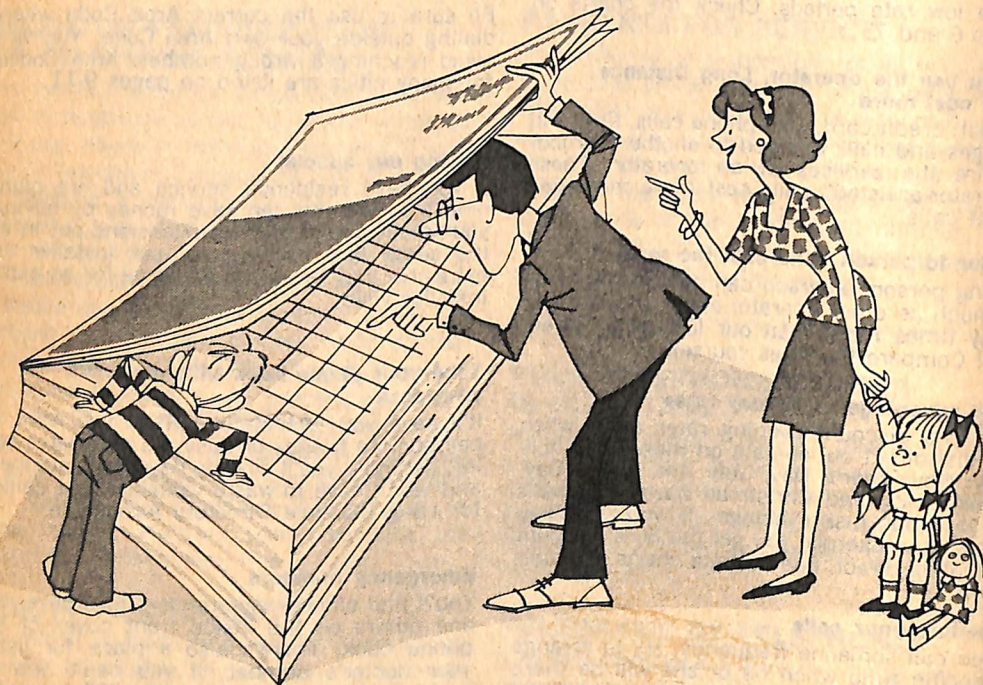

Teach the children to dial "0" in emergencies

Show your children how to use the phone in an emergency by teaching them how to dial "0" for the operator. Also, make sure they know their home phone number and encourage them to always call home if they're going to be late. Give them change to carry for emergency calls.

Coin phone refunds

If one of our coin phones collects your money and doesn't complete your call, jot down the number and report it to us. Just dial "0" (operator) from another phone and we will mail you your refund and repair the phone that is out of order.

Questions about calling? Check the Call-Guide!

The Call-Guide section in front of this telephone directory has the answer to almost any question you might have about calling. It gives you information on area codes, emergency numbers and repair service. When you want to know, the Call-Guide's the place to go.

'Here's a hot tip from the phone company:'

Use One-Plus Dialing when you call Long Distance and save on most out-of-state calls.

There's no cheaper way to call Long Distance. And it's fast and easy, too.

One-Plus. You can't beat it.

Telephone calls used to be a scream. But today, a normal voice will do. The difference is improved transmission-better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

a consumer SHOPPING TIP

On some kinds of products, appliances for example, the price you pay normally includes some service. Before assuming that a lower price at another store is a bargain, check related costs such as delivery, installation, and repair service. Make sure that the written guarantee, if there is one, is just as good.

a consumer TIP

Do you want to save money and energy in the kitchen? When you are using the oven, don't open the door unnecessarily. Every time you do, the oven loses about 20% of its heat. Consider cooking two or more oven dishes at one time even if they are not to be served at the same time. It takes much less power to reheat a dish later than to cook it anew.

One-Plus Dialing gets you there quickly, easily. And there's no cheaper way to call. Simply dial one, the Area Code (if different from your own), plus the number.

a consumer TIP

Avoid paying in cash when you are approached for a donation. Make your check payable to the organization, never the solicitor. Don't automatically agree to give to every appeal of a charitable nature. There are many worthy causes. But, there are some solicitors who will play on charity to get your money.

Owe your relatives a visit? Call, instead. Ask the operator to set up a conference call and put all of you on the line at the same time. That way, everyone can talk to everyone else. To speed connections, arrange the call in advance. The operator will be glad to tell you how much the call will cost.

Homes-Children

Goodland Presbyterian Children's Home
Office SW Of City-----326-7568

Telephone calls used to be a
scream. But today, a normal
voice will do. The difference
is improved transmission-
better ways to get your voice
from here to there. Simply
talk in a normal tone of voice
into the receiver and your
words will go a long way.

**a consumer TIP**

How to convert metric area to U.S. area

- Square centimeters to square inches — multiply by 0.16
- Square kilometers to square miles — multiply by 0.4
- Square meters to square yards — multiply by 1.2
- Hectares (10,000m²) to acres — multiply by 2.5

Telephone calls used to be a scream. But today, a normal voice will do. The difference is improved transmission- better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

Telephone calls used to be a scream. But today, a normal voice will do. The difference is improved transmission—better ways to get your voice from here to there. Simply talk in a normal tone of voice into the receiver and your words will go a long way.

Telephone calls used to be a

scream. But today, a normal

voice will do. The difference

is improved transmission-

better ways to get your voice

from here to there. Simply

talk in a normal tone of voice

into the receiver and your

words will go a long way.

Owe your relatives a visit? Call, in-
stead. Ask the operator to set up a
conference call and put all of you
on the line at the same time. That
way, everyone can talk to everyone
else. To speed connections, arrange
the call in advance. The operator
will be glad to tell you how much the
call will cost.

Telephone calls used to be a

scream. But today, a normal

voice will do. The difference

is improved transmission-

better ways to get your voice

from here to there. Simply

talk in a normal tone of voice

into the receiver and your

words will go a long way.

Kick the number-fumbler habit!

If misplaced telephone numbers give you problems, here are suggestions that can help you.

1. Underline those special numbers in your directory.
2. Keep the directory near the phone.
3. Have a pencil and paper handy when you talk so you can jot down numbers you may need again.
4. Maintain your own personal directory of frequently called numbers.

These suggestions can save time and make calling easier.
