

Henson Boy Improves Considerably Sunday

The Hugo Daily News July 29, 1946 - transcribed by Ron Henson

The condition of young Gene Henson, son of Mr. and Mrs. Joe Henson of the Shoat Springs community who was injured when his Army surplus car overturned with him Friday night, was reported as "much improved" Monday.

His physician, Dr. Floyd Waters, said that young Henson regained partial consciousness Saturday night and full consciousness Sunday and has improved steadily at Johnson hospital.
