

## **The Submarine Boswell April 3, 1914**

James Herrington the Frisco Right of Way agent was in town Monday attending to business.

Dr. Jno. Greenberg has made a three days trip over Oklahoma and says that the Democrat administration is blooming there as great as it is here, if not worse [sic].

Bro. White requests the Submarine to announce that the regular services at the Methodist church on next Sunday will be withdrawn in favor of the Christian revival at the Presbyterian church.

The Holiness folks are holding a series of service at the "Shed" this week and preaching on the street, evenings.

Lots of improving going on in this community, such as fencing, house porches, wagon sheds and etc.

Caril Noland & Co. was getting along fine burning brush until the rain drowned their fire out.

Rev. D.A. Russell, of Caddo, Okla., was visiting friends in around town this week.

Dr. Jno. J. Stephens and family left for Clarksville Arkansas today where they will make their future home.

The Callen Boys of Dircet [sic] Texas in town and are improving some of their property here.

We hear that Will Sherman has bought Will Burgens crop and team.

A Christian [sic] Monument - When the Baptist Church folks kindly opened the doors of their church to Mrs. Nettie Hudson in her relief work for orphans and unfortunate fallen women they built in this town a monument, the influence of which they can not begin to calculate. The help rendered a fatherless and motherless child and the redemption and salvation of a defenceless [sic] out cast woman is worth a thousand times more to the cause of God and Christianity than a thousand sermons to those above want and secure in material things.

In this action I take off my hat to the spirit that moved the good Baptists in this action.

It will gain more than they can conceive. It is "Bread cast on the waters to return many days hence."

A good deed will always gain. - W.W. Whitley
